RÖHNISCH

Spring/Summer 2026 Collection

The Golf collection of Spring/Summer 2026 blends the refined elegance of preppy and classic garments with a playful and sporty foundation, creating a wardrobe that is both polished and dynamic. The collection reinterprets traditional staples—such as poloshirts, crisp chinos, pleated skirts, and cable-knit sweaters—by infusing them with youthful energy and activewear-inspired elements.

This assortment celebrates the heritage of classic dressing while embracing modern movement, comfort, and fun, making it ideal for those who appreciate both polished style and an active, vibrant lifestyle.

Classic silhouettes are reimagined with modern performance fabrics, allowing for flexibility and ease, and the range of products offers the ability to transition seamlessly from a morning on the course to an afternoon tea, blending performance wear with timeless elegance.

Colors are rooted in the classic neutrals - navy, white and beige, complemented with sophisticated berry tones and fresh pops like green and playful patterns. Effortless and versatile styling is key and the ability to mix and match is endless.
