

Ultralight 7, or UL7, is the seventh generation of Ultralight golf clubs engineered by U.S. Kids Golf. The culmination of thousands of data points gathered using Trackman technology and intense market and product development research have led to our most advanced and highest performing set of Ultralight golf clubs to date. Players should expect higher ball speeds, increased distance, improved versatility, and higher quality throughout the entire set from Bags to Driver to Putters.

Basic Info:

- 9 sizes available = 39" / 42" / 45" / 48" / 51" / 54" / 57" / 60" / 63"
- Five head weights:
 - w10 = 10% lighter than standard adult head weights = 60" / 63"
 - w15 = 15% lighter than standard adult head weights = 54" / 57"
 - w20 = 20% lighter than standard adult head weights = 48" / 51"
 - w25 = 25% lighter than standard adult head weights = 42" / 45"
 - w30 = 30% lighter than standard adult head weights = 39"
- Multiple bag options available in a variety of sizes:
 - Standard Bag available in all nine sizes
 - Classic Bag available in sizes 48" / 51" / 54" / 57" / 60" / 63"
 - Pink Bag available in sizes 39" / 42" / 45" / 48" / 51" / 54"

Driver:

- Re-engineered shape and aerodynamics allow for our fastest Ultralight driver
- Higher lofts and lighter heads engineered for slower swing speeds produce high launching distance, developing proper swing mechanics and speed
- Lofts Available:
 - 15° = 60" / 63"
 - 17° = 54" / 57"
 - 19° = 48" / 51"
 - 21° = 42" / 45"
 - 23° = 39"

Fairways / Hybrids:

- Thin crowns, redesigned soles, and variable face thickness heads provide a powerful combination of speed and stability
- Individually optimized center of gravities unique to each club ensure the perfect combination of high launching trajectory and spin, perfect for beginning to intermediate players

Irons

- Lightweight heads with increased lofts and flexible shafts develop proper swing mechanics, while promoting increased hand and swing speed for long term development

- Re-positioned center of gravity places more mass behind the sweet-spot, leading to faster ball speeds and better trajectory control for maximum, high launching distance
- Wide sole design and softened leading edges resist digging into the turf, providing maximum forgiveness

56° Wedge:

- Trailing edge and heel relief provides the perfect combination of full swing performance and greenside shot-making ability

Putter:

- Mallet, half-moon style plumber's neck offers a beefier look and ¼ toe hang, perfect for all stroke types
 - 350g head weight for improved feel and distance control
 - Satin finish and triple sightlines allows for no-glare distraction and assured target alignment
 - 3° loft and deep milled face ensures clean contact and immediate roll

Golf Bags

- New UL7 golf bags feature divider tops with ergonomic handles and more storage space than ever before
- A lift-assist handle is built into the lower ball pocket for easy handling
- Dual adjustable strap with padded back support
- Insulated water bottle pocket
- Sleeve to hold an umbrella when not in use
- Includes a matching rain hood
- Ball pocket available for personalization
- Multiple bag options available in a variety of sizes:
 - Standard Bag in all 9 sizes
 - Classic Bag available in sizes 48" / 51" / 54" / 57" / 60" / 63"
 - Pink Bag available in sizes 39" / 42" / 45" / 48" / 51" / 54"
